Location or Directions to Property: 4237 E 1050th Ave, Oblong, IL 62449

Water/Sewer City water, septic tank
Acreage 22.70 Acres
School District Oblong

Taxes: \$1,568.32

Remarks: Discover the perfect blend of space, function and natural beauty on this 22.7 acre property, featuring a 3.4 acre pond and four versatile outbuildings. The main office/storage building was built in 2022 and features a finished office area with 3 offices, waiting area, fully equiped kitchen and full bathroom. The office area is kept comfortable with 2 mini-split units. Radiant floor heat is available, but not hooked up. There is an unfinished loft area above the office that could be turned into liveable space. The Morton building is fully insulated, has radiant heat and provides ample space for equipment storage or whatever use you may see fit. There are two other older pole buildings on property that allow for excess storage. A 3.4 acre pond caps off this unique property. Sellers would entertain seperating buildings and vacant land/pond.

Mineral Rights do not belong to seller. There is an easement on the property for the owners of the house located directly behind this property.

Listing Price: \$650,000.00
